

**TECH VALLEY HIGH SCHOOL PROJECT SAVE POLICY
Codes of Conduct for Students, School District Employees and
Visitors to TECH VALLEY HIGH SCHOOL**

Philosophy and Goals

Tech Valley High School hereby adopt the following philosophy, goals and policies:

- The mission of Tech Valley High is to provide a unique, innovative and student-centered educational opportunity, engage students in current emerging technologies and support the growth and economy of the region.
- Tech Valley High School is a community rooted in Trust, Respect, Responsibility and Stewardship, because we believe these values create a place where all feel they belong, where all are valued for what makes them unique, and where all can shine. As a member of the TVHS community we accept my role in promoting these qualities, as follows:
 - In order to promote Trust, we will honor others' privacy, fulfill my obligations to others in this community, and strive to support their success.
 - In order to promote Respect, we will work hard, and try to be patient, understanding and considerate of myself and others because we understand that nobody is perfect and that mistakes and missteps are part of the learning process.
 - In order to promote Responsibility, we will take an active role in our own learning, and help others do the same; we will hold others accountable for their part, and encourage them to do the same; we will take as much interest in the good of my community as we take in ourselves.
 - In order to promote Stewardship, knowing that we have an obligation to those who will come after me, we will care for our space and our learning tools so that they will know the pride we took in our school, and so they will have the same opportunities that we had.

PREFACE TO DISTRICT BILL OF RIGHTS AND CODE OF CONDUCT

The majority of TVHS coursework is completed through a collaborative process that teaches students how to lead, manage and support team goals. TVHS students need to be open-minded and ready to work with business leaders, educators and other students in a professional, collaborative learning environment.

It is the philosophy of the staff, faculty and administration of Tech Valley High School (TVHS) that all people be treated with respect. Our students are responsible individuals, each with rights that deserve consideration and deference. Our students also have responsibilities to themselves, each other and to all members of the community.

It is the policy of TVHS to foster civility in its schools and to afford all students an environment free of discrimination and harassment.

The premise of this code of conduct is that only the consideration and protection of the rights of all persons preserve the rights of individuals.

It is the intent of the TVHS Operating Board that this code of conduct establishes minimum standards of behavior for students and all others who occupy, use or visit TVHS.

The Student Bill of Rights and Code of Conduct and the Code of Conduct for TVHS Property are applicable on all TVHS grounds and premises; parking lots; land contained within the real property boundary line of any premises owned or leased by TVHS; in all buildings, structures, vehicles, facilities and work sites owned, operated, leased or otherwise utilized by TVHS; and at any function sponsored by TVHS regardless of its location. School function includes a school-sponsored extracurricular event or activity. The Student Code of Conduct also recognizes that some behaviors which occur outside of TVHS grounds and premises may still have a harmful effect on TVHS students at school and on TVHS programs. Where TVHS is leasing classrooms in a component school district, the policies, rules and regulations adopted by the board of education of that district shall apply to TVHS students, employees and visitors.

All students and employees of TVHS are expected to report violations of these codes of conduct to a teacher, counselor, assistant principal, principal or other school personnel as appropriate. All employees of TVHS are expected to take appropriate action in response to violations they observe or those that are reported to them. Appropriate action may include a direct response or reporting the alleged violation to the school administration. Students and employees must immediately report possession of a weapon, harassment, vandalism, the use or possession of drugs or alcohol or threats of violence on school premises or at a school sponsored event.

Annual review and update of the Code and adoption by Board of Education is required.

A copy of the Code and any amendments to it must be filed with the commissioner within 30 days of adoption.

Each Board of Education or BOCES is required to ensure community awareness of its code as follows:

- ✓ Provide copies to all students at a general assembly at the beginning of each school year.
- ✓ Mail a plain language summary of the code to all persons in parental relation at the beginning of the school year.
- ✓ Provide each teacher and staff person with a copy of the code and a copy of any amendments as soon as practicable following enactment.
- ✓ New teachers must be provided with a copy upon employment.
- ✓ Community awareness steps include the making a copy of the code available upon request.

When a decision is made to propose suspension of a student, pursuant to the Section 3214 (3), those in parental relation must be notified in writing within 24 hours of the decision. Telephone contact should also occur where possible. The notice shall inform those in parental relation to their right to an immediate informal conference with the principal. This conference must take place prior to the suspension unless "the student's presence in the school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process," in which case the conference will take place as soon after the suspension as possible.

**TVHS
STUDENT RIGHTS AND RESPONSIBILITIES****Student Bill of Rights**

- Students have the right to pursue their education in an atmosphere that is safe and conducive to learning, and to achieve all that they are capable of achieving.
- Students have the right to pursue a particular course of study, which is developed with the guidance and assistance of their parents and school personnel as best meeting their educational needs and potential.
- Students have the right to be respected as individuals.
- Students have the right to procedural due process guaranteed by the United States Constitution and New York State Education Law prior to disciplinary action being taken against them.
- Students have the right to freedom of speech and expression, which does not interfere with the educational process or infringe upon the rights of others in accordance with the United States Constitution and the laws of the United States and the State of New York.
- Students have the right to freedom from discrimination relative to participation in curriculum offerings and extracurricular activities.
- Students have the right to have rules clearly stated, explained and distributed at the beginning of every school year or at the start of their enrollment in TVHS.
- Students have the right to freedom from unreasonable search and seizure.
- Students with special needs have the right to have their educational needs and their behavior evaluated on the basis of their special needs.

Student Responsibilities

- Students will conduct themselves with respect for themselves, fellow students, teachers and others.
- Students will strive to achieve their potential in all areas.
- Students will follow the directions of the staff, faculty and administration.
- Students will fulfill all classroom and other educational obligations.
- Students will show respect for TVHS property and for the property of others.

- Students will strive to demonstrate good conduct and positive attitude at all times in all TVHS activities.
- Students are an integral part of the school community and have the responsibility to conduct themselves in a way that fosters a safe school environment for themselves and others, while at school and outside of school. Students are expected to report inappropriate or potentially dangerous behavior to school staff and to cooperate with school staff members.
- In the real world, people dress according to what is appropriate for the activity or job they will be performing. As guests on the SUNY Polytechnic CNSE Campus, students should show an awareness of our role as neighbors and guests by acting and dressing appropriately. Such guidelines take into account the environment and interpersonal exchanges that occur in the workplace. Tech Valley High students should dress in a manner suitable for the activities and needs of the day. To that end, students are expected to be aware of the school calendar and know what clothing appropriately corresponds to the day's activities. The four settings described below provide guidelines for how to dress for the different kinds of activities that will be part of school life. Issues involving attire that rise to violations of the Code of Conduct will be handled as described therein. If attire is inappropriate, the student may be asked to change or issued a shirt or sweatpants to cover, and parents may be contacted.
 - *Regular School Day Attire.* Tech Valley High prides itself on trusting and respecting its students. Students are trusted to ensure that appropriate attire is worn at all times. Generally, attire should not be distracting, offensive or inappropriate. In addition, there are some general guidelines for all students:
 - Clothing that is overly revealing or offensive in its message is inappropriate for the school environment.
 - Pajamas are not appropriate.
 - Hats and hoods are only allowed to be worn in the classroom with the permission of the teacher unless for a medical or religious purpose.
 - Students should refrain from wearing sunglasses inside the building.
 - Students will wear footwear at all times.
 - *Workplace Attire.* Some school days student work will require students to interact with members of the public, workplace professionals, and/or participating community members. This includes days where students present projects, invite guests to speak or work with us, or visit businesses, public buildings or workplace environments. Appropriate attire on these days might be a collared shirt with khakis or more formal attire as needed or a business-style dress or skirt, or dress pants and a blouse. *EYP Fab Lab Attire.* **For health and safety reasons, students must have available every day, a pair of closed-toe shoes** appropriate for work in the Laboratory and/or the EYP Fab Lab on their feet or in their

locker. If students do not have appropriate shoes for an activity, they may lose credit for that day's activity.

- *Physical Education Attire.* Students must be prepared with proper attire for athletic/ fitness activities. This includes but is not limited to: clean sneakers, t-shirts, dry-fit clothing, sweatpants, and similar type clothing. Inappropriate clothing includes: clothing worn during the school day, open-toed shoes, and sleeveless shirts.
- *Fieldwork.* On certain days students will visits to the outdoors for exploration, data collection or experimentation. Appropriate attire for these days means wearing clothes that students are comfortable getting dirty and that allows students to move around in easily. Sturdy, comfortable shoes are important to wear on these days. Do not wear shorts or sandals on field workdays, as the natural environments students visit require coverage of arms, legs, and feet to the extent possible.
- Students are financially responsible for replacement of texts, tools, or any other TVHS or school district property or equipment provided to them if they become damaged due to their own negligence.

SCHOOL RESPONSE TO STUDENT BEHAVIOR

TVHS subscribes to the philosophy that student behavior management is best-focused on behavioral change rather than punishment. Punishment merely perpetuates the misbehavior / punishment cycle.

By enhancing anger and frustration which merely precipitates additional misbehavior. Not only does punishment not achieve desired behavioral changes, it can harm a student's self-concept and reduce the student's ability to maintain self-control over the long-term. None of these outcomes are conducive to creating a learning environment.

The best form of behavior management advocates self-discipline. Administrators and teachers will strive to develop a school environment that fosters the development of self-discipline in our students.

Addressing student behavior issues is primarily the responsibility of the classroom teacher. Consistent and fair response to student behavior issues is critical to maintaining an appropriate learning environment. Teachers must routinely document their efforts to address student behavior issues. When a teacher has exhausted all reasonable efforts to address a particular student behavior without desired results, s/he should refer the student to the appropriate building administrator.

The challenge of addressing student behavior issues in a learning environment is to develop a school response that: encourages and allows students to accept responsibility for their actions;

places importance on the value of maintaining academic participation and achievement; builds positive self-image and teaches appropriate methods of dealing with problems. Students need to know that the school response to inappropriate behavior will be fair and consistent and that the school will hold them accountable for such behavior.

ADDRESSING STUDENT BEHAVIOR ISSUES

Any student who violates the student code of conduct shall be subject to immediate and appropriate school response which may include one or more of the following: positive behavior incentives, warning, reprimand, parental notification, counseling (not psychiatric counseling), loss of privileges, compulsory restitution, temporary removal from class, suspension or exclusion and/or police involvement in accordance with provisions and proceedings of the Education Law and/or the Student Guidelines for adult students where applicable. School responses will be coordinated with the student's home school district.

Some school buildings have surveillance cameras in hallways and common areas. The school administration may view videos while investigating a suspected violation of this Policy.

A student will not be subject to lower grades as a result of inappropriate behavior unless such behavior is related to his or her academic performance, such as cheating on an exam, failing to turn in homework or assigned papers or being illegally absent.

Out of school suspension is to be used judiciously and only when other responses would be ineffective in addressing student behavior. The provisions of Section 3214 of the Education Law shall be followed when suspension occurs.

Students returning to school after suspensions may have re-entry meetings and/or re-entry plans that may address expectations for behaviors and/or identify safety measures, where appropriate.

Law enforcement authorities will be informed about any activity constituting a crime, including:

- Persons participating in unlawful activities in or on any TVHS building, facility, vehicle, property, premises, or online.
- Persons threatening, planning or attempting to damage or destroy or damaging or destroying TVHS property.
- Persons selling, offering for sale, purchasing, possessing, or using drugs, alcohol or illegal substances in or on any TVHS building, facility, vehicle, property, premises, or online.
- Persons or situations posing a significant threat to the health, safety or welfare of the occupants of TVHS buildings, facilities, vehicles, property or premises.

Restorative Practices

Restorative Practices may be utilized by TVHS academy based settings. Restorative practices invite everyone impacted by a conflict to develop a shared understanding of both the root causes and the effects. Restorative practices seek to address the needs of those who have been harmed, while encouraging those who have caused harm to take responsibility. Restorative practices emphasize the capacity of all people for healing, growth, and transformation and in this way it encourages accountability, self-determination, healing, and interconnection.

Progressive Response to Behavior Issues

The code of conduct is designed to provide for a progressive school response to student behavior issues. The code of conduct recognizes that certain inappropriate behavior is more serious and presents a greater disruption to the educational process. The code describes inappropriate behaviors in three categories and offers a range of school responses for implementation by teachers and / or administrators for each category. This will encourage and facilitate the application of the code to inappropriate student behavior by teachers and administrators in proportion to the severity of the behavior. Generally, the categories are as follows:

- Category I prohibits certain student behaviors. Teachers are primarily responsible for addressing these behaviors with their students. Teachers are responsible for documenting an incident and the school response, which must be consistent with the range of responses authorized in the code of conduct for this category. Documentation about such incidents should be sent to the building administration office to keep the building administration informed. Forms are available in the principal administrator's office.
- Category II prohibits certain other student behaviors and addresses situations of repeated Category I behavior. Teachers are primarily responsible for initiating response to such behaviors but will introduce the guidance counselor, parents and guardians and appropriate building administrators into the response.
- Category III prohibits certain serious or threatening behaviors and situations where a student persists in exhibiting certain Category I and II behaviors. It also includes students who are "repeatedly substantially disruptive of the educational process," those who "substantially interfere with a teacher's authority over the classroom" or those who have committed acts of violence. Students engaging in Category III behaviors are immediately referred to building administrators who will confer with parents / guardians, teachers and the student and implement an appropriate Category III school response. Students who are "repeatedly substantially disruptive of the educational process," those who "substantially interfere with a teacher's authority over the classroom" and those who have committed acts of violence are subject to minimum periods of out of school suspension.

Corporal Punishment and Physical Restraint

TVHS does not permit the use of corporal punishment under any circumstances.

Corporal punishment is any act of physical force against a student for the purpose of punishing that student.

Corporal punishment is distinguished from the act of exercising reasonable physical force to protect oneself from imminent injury, to protect another from imminent physical injury, to protect the property of TVHS or of others from destruction,, or to restrain or remove a student whose behavior is interfering with the orderly exercise and performance of school functions and the educational process, if a student has refused to comply with a request to refrain from further disruptive acts.

Some TVHS educational programs employ therapeutic programs with protocols for de-escalation and physical restraints. For students in such programs, physical intervention, including restraint, are intended to contain or control student behavior and are used only as a safety response to behavior likely to result in physical injury to self or others. Physical interventions are authorized when and to the extent allowed by the applicable therapeutic program and the student's behavior intervention plan, if any.

Reporting Requirements

By July 15 and January 15 of each year, the District Superintendent is required to file a report with the Commissioner of Education detailing each complaint about the use of corporal punishment, the results of the investigation of that complaint and the action, if any, taken in that particular case. Each building principal shall maintain records related to such complaints and shall forward copies to the District Superintendent immediately upon receipt. 8 NYCRR Sections 19.5 and 100.2 (1).

Harassment, Bullying and Discrimination Prohibited

The New York State Dignity for All Students Act finds that students' ability to learn and to meet high academic standards, and a school's ability to educate its students are compromised by incidents of harassment, bullying and/or discrimination which includes cyberbullying, taunting or intimidation. Discrimination or harassment can take many forms and may be called labels which tend to minimize the impact these behaviors have on students (for example, "hazing," "name-calling"). In fact, harassment and bullying may severely impact the targeted student, including:

- Lowered academic achievement and aspirations
- Increased anxiety
- Loss of self-esteem and confidence
- Depression and post-traumatic stress
- General deterioration in physical health
- Self-harm and suicidal thinking
- Feelings of alienation in the school environment
- Absenteeism from school

Harassment, bullying or discrimination may be, but isn't limited to, being based on the targeted student's:

- Actual or perceived race
- Color
- Weight
- National origin
- Ethnic group
- Religion
- Religious practice
- Disability (physical, mental, medical impairment resulting from anatomical, physiological, genetic or neurological conditions which prevents the exercise of a normal bodily function or is demonstrable by medically accepted clinical or laboratory diagnostic techniques; or having a record of such condition; or a condition regarded by others as an impairment)
- Sexual orientation (actual or perceived heterosexuality, homosexuality or bisexuality)
- Gender or sex
- Gender or sexual identity
- Associations or friendships
- Socio-economic status

It is the goal of TVHS to create school environments which recognize and promote tolerance, respect for others, and awareness and sensitivity of harassment, bullying or discrimination, and promotes civility among people of all kinds.

Harassment, Bullying and/or Discrimination is Prohibited

Harassment, bullying and/or discrimination of any student by another student or employees is prohibited. Harassment, bullying and/or discrimination creates a hostile environment by conduct or by threats, intimidation or abuse - including cyberbullying - that either:

(1) has or would have the effect of unreasonably and substantially interfering with a student's educational performance, opportunities or benefits, or mental, emotional and/or physical well-being, including conduct, threats, intimidation or abuse that reasonably causes or would reasonably be expected to cause emotional harm. Emotional harm in this context means creation of hostile school environment that is so severe or pervasive as to unreasonably and substantially interfere with a student's education; or

(2) Reasonably causes or would reasonably be expected to cause physical injury to a student or to cause a student to fear for his or her physical safety.

Threats, intimidation or abuse includes verbal and non-verbal actions...

Harassment, bullying and/or discrimination includes conduct that occurs:

- (1) On school property;
- (2) At a school function;
- (3) Off school property where such acts create or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct, threats, intimidation or abuse might reach school property.

Responding to Harassment, Bullying and Discrimination

All TVHS staff members who have reasonable cause to suspect that a student has been subjected to harassment, bullying and/ or discrimination by an employee or student on school grounds, at a school function, or off school property where there is foreseeable risk of disruption within school, shall promptly report such matter to the school principal or another TVHS administrator. Any such reported matter will be investigated promptly in accordance with TVHS policies.

Nothing in this Code of Conduct shall be construed to prohibit denial of admission into or exclusion from a course of instruction based on a person's gender that would be permissible under Education Law section 3201-a or section 2854(2) (a) and Title IX of the Education Amendments of 1972 (20 U.S.C. section 1681, *et seq.*) or to prohibit, as discrimination based upon disability, actions that would be permissible under section 504 of the Rehabilitation Act of 1973.

Acts of harassment, bullying, and/or discrimination against students by students will be addressed in accordance with the progressive discipline policies set forth in this Code of Conduct and the Responses to Student Behaviors, set forth below. Responses will consider the age of the students; the nature and severity of the behavior(s); the developmental age of the student; previous disciplinary record of the student; and the impact of the actions on the targeted student. Responses shall be reasonably calculated to end the harassment, bullying and/or discrimination; prevent recurrence; and eliminate the hostile environment. Measures to correct the behavior may include: behavioral assessment or evaluation; establishment of behavioral management plans, where appropriate; student counseling; parent conferences; relevant learning; peer support groups; other supportive interventions.

Acts of harassment, bullying, and/or discrimination against students by a school employee will be addressed in accordance with TVHS employment policies and applicable law.

Retaliation against any individual who, in good faith, reports or assists the investigation of harassment, bullying and/or discrimination is prohibited.

Underlying this Code of Conduct is the philosophy that all members of the TVHS school community be provided a safe haven for learning and growing, a secure, orderly and nurturing environment in which to achieve their full potential. Instances of harassment or discrimination additionally may call for building-wide remediation and education.

Training for Staff Members and Dignity Act Coordinators

TVHS shall provide training for staff members to ensure effective implementation of school policy on promoting a safe and supportive school climate while discouraging harassment, bullying and/or discrimination of students by other students or staff members. Training may take place at faculty meetings, staff meetings, at the annual orientation day, during professional development days, on-line, among other venues and/or modalities.

Dignity Act coordinators shall be designated annually for each TVHS building or, when applicable, educational program. Coordinators shall be trained to appropriately consult staff and students and to provide an initial response to reports of harassment or discrimination. Training may take place at faculty meetings, staff meetings, at the annual orientation day, during professional development days, on-line, among other venues and/or modalities.

Reporting

Students are expected to report incidents of discrimination, harassment and bullying to a teacher, principal, or another staff member.

All TVHS staff members are required to report incidents of discrimination, harassment and bullying - whether directly observed or reported to them by others - to the principal, who also acts as the Dignity Act coordinator for the building. All reports of discrimination, harassment and bullying shall be investigated by the principal, who shall seek assistance from the Director of Human Resources or the School Attorney as appropriate.

Material incidents of harassment or discrimination on school grounds or at school functions shall be reported to the NYS Department of Education as required by the Commissioner of Education.

Search and Seizure

Students may be assigned lockers or other areas in which to maintain their personal belongings. These areas are school properties and may be searched at any time.

School officials may search a student's personal property (including, but not limited to backpacks, jackets, pockets) only when there is reasonable suspicion to conduct the search. This standard is a lower standard than that required of law enforcement.

The reasonable suspicion standard requires that the search is justified at its inception and that the scope of the search, as actually conducted, is reasonably related to the circumstances that justified the search. A search is justified at its inception if the school officials have reasonable grounds to suspect that the search would produce evidence that the student had violated or was violating law or the Code of Conduct or other school rules. The scope of the search must be related to the objectives of the search and not excessively intrusive.

Student Right to Procedural Due Process, Generally

Students will be afforded procedural due process in all instances where student behavior in violation of this code of conduct may result in the imposition of a school response.

Generally, such due process shall include the following:

- a. The student must be given notice verbally or in writing of the specific behavior in question and how it violates this code of conduct.
- b. The student must be given the opportunity to appear informally before the person authorized to impose a school response to the alleged behavior in order to discuss the allegation. The student must be given an opportunity to address the allegation.
- c. After consideration of all the facts, the person authorized to impose a school response to the alleged behavior shall determine whether a school response is in order. If so, the response shall be consistent with the range of responses prescribed for the inappropriate behavior in the code of conduct. In determining the school response, the following factors shall be taken into consideration: any mitigating or aggravating circumstances surrounding the behavior; the student's prior record of conduct; the student's age; the student's intent; and other information deemed pertinent.

Student Right to Procedural Due Process, Removal from the Classroom

A teacher may remove a student from the classroom for disciplinary and non-disciplinary reasons. Non-disciplinary removal would include a visit to the principal's office, guidance or counselor's office to discuss inappropriate behavior or a "time-out" in the hallway to enable a student to regain control or composure.

Disciplinary removal will constitute removal by a teacher from the classroom of a disruptive student as a response to a violation of the student code of conduct. A student removed from a classroom for disciplinary reasons shall be placed in an alternative classroom where educational programming shall be provided. A teacher may remove a disruptive student from his / her classroom for the remainder of the class period and up to one additional day. In the event a teacher wishes to remove a student from the classroom the student shall be afforded procedural due process as follows:

1. The teacher must inform the student that s/he is going to be removed from the classroom.
2. The teacher must specifically explain to the student why s/he is to be removed.
3. The teacher must give the student an opportunity to explain or respond.
4. The teacher may then decide to remove the student from the classroom.

A teacher may remove a student who poses a danger or ongoing threat of disruption from his / her classroom immediately. In the event of such removal, the following procedures must be

followed within 24 hours of the removal:

1. The teacher must explain to the student why s/he was removed from the classroom.
2. The teacher must give the student the opportunity to provide an explanation of the incident(s) that led to the removal.

When a teacher removes a student from the classroom, the teacher must immediately notify the principal administrator of the school. The student must be sent to the principal's office or an alternative work location designated for the purpose of receiving students who have been removed from class.

As soon as possible and no later than 24 hours after the removal, the principal must provide telephonic and written notification to the student's home school district and the student's parents or guardian of the removal and the circumstances that led to the removal. The notice must inform the parents of their right to request an informal meeting with the principal to discuss the reasons for the removal. Written notice must be by personal delivery, express mail or some other means to reasonably ensure parental notification within 24 hours. If requested by the parents, the informal meeting must be held within 48 hours of the removal. If the parents agree, the meeting may be held at another mutually convenient time. The principal may require the teacher who removed the student from the classroom to be present at the informal conference with the parents.

A principal or designee may overturn a teacher's removal of a student from the classroom upon a finding that:

1. The charges against the student are not supported by substantial evidence;
2. The removal is in violation of the law or TVHS's policies, regulations or procedures; or
3. The conduct warrants suspension from school pursuant to a superintendent's hearing (Education Law Section 3214) and such suspension will be pursued.

Such determination may be made at any time from the principal's receipt of the student removal form to the close of the business day following the 48-hour period for the informal conference.

A disruptive student removed from the classroom by a teacher shall be provided continued educational programming and activities until allowed back into the classroom.

TVHS shall prescribe forms upon which each teacher shall maintain a record of all cases of removal of a student from their classroom and upon which each principal shall maintain a record of each removal of a student from a classroom in the school for which s/he is responsible.

No teacher may remove a student with a disability from a classroom without first consulting with the principal or the chair of the committee on special education to ensure that such removal will not constitute a change in placement.

Student Right to Procedural Due Process, Suspension from School

A home school superintendent or a home school principal may suspend a student from school for a period not to exceed five days. In the event of suspension of a student for a period not to exceed five days, the student shall be afforded procedural due process follows:

1. The student must be verbally notified.
2. If the student denies the allegations, s/he must be provided with an explanation of the rationale for the suspension.
3. As soon as possible and within 24 hours of the decision to propose suspension, the TVHS principal administrator must provide telephonic and written notification to the student's home school district and parents or guardian of the proposed suspension and the circumstances that led to the decision. The notice must include the specific charges against the student and a description of the incident that led to the charges. It shall also provide notification of the parent's / guardian's right to request an informal meeting with the principal / superintendent to discuss the reasons for the suspension. Written notice must be by personal delivery, express mail or some other means to reasonably ensure parental notification within 24 hours.
4. If requested by the parents, the informal meeting must be held within 48 hours of the removal. If the parents agree, the meeting may be held at another mutually convenient time. The principal / superintendent may require the teacher who removed the student from the classroom to be present at the informal conference with the parents. The parents shall have the opportunity to ask questions of complaining witnesses at such informal conference subject to procedures established by the principal / superintendent.
5. The student shall not be suspended until after the informal conference unless the student poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such case, the notice and the informal conference shall take place as soon as is reasonably possible after the suspension is imposed.
6. After the conference, the parents will be provided with a written decision on the matter.
7. The parents may appeal such decision to the superintendent of schools within 5 business days.
8. The superintendent shall hear such appeal and issue a written decision regarding the matter.
9. If the parents are not satisfied with the decision of the superintendent, they may file an appeal with the board of education within 5 days of receipt of the superintendent's decision. Only upon a final decision of the board of education may the parents appeal

a decision to the Commissioner of Education.

In the event the school response to student behavior may result in suspension of the student for a period in excess of 5 school days, the student and his or her parents must be given an opportunity for a hearing on reasonable notice. The notice shall advise the student of the behavior that gives rise to the proceeding. Parents may attend the hearing and the student has a right to be represented by an attorney, to testify on his or her own behalf, to present witnesses and evidence and to cross-examine witnesses against the student.

Notice of such charges and hearing shall be provided to the parents / guardians of the student by hand or by express mail or other means reasonably calculated to assure the parent receives the notice.

The Superintendent of Schools may preside at the hearing or designate a hearing officer who will render a recommendation to the Superintendent, which s/he is free to accept or reject in whole or in part. Student Right to Procedural Due Process, Students with Disabilities

General Principles and Definitions

A disciplinary change in placement shall mean a suspension or removal from a student's current educational placement that is either:

for more than 10 consecutive school days; or

for a period of 10 consecutive school days or less if the student is subjected to a series of suspensions or removals that constitute a pattern because: (1) they cumulate to more than 10 school days in a school year; and (2) the length of each suspension or removal, the total amount of time the student is removed and the proximity of the suspensions or removals to one another, as well as other factors, create a pattern.

Placement in an interim alternative educational setting shall mean a temporary educational placement for a period of up to forty-five school days that is different from the student's current placement at the time the behavior occurred. An interim alternative educational setting shall enable the student to continue to progress in the general curriculum and to continue to receive those special education services and modifications, including those described in the student's current IEP that will enable the student to meet the goals set out in his or her IEP. At the same time, the interim alternative educational setting shall include services and modifications to address the behavior that precipitated such placement, which are designed to prevent the behavior from recurring.

The duration of any suspension or removal will not exceed the amount of time that a non-disabled student would be suspended or removed for the same behavior.

Removal shall mean a removal from the student's current educational placement for disciplinary reasons other than a suspension, a removal to an interim alternative educational setting, or a change in placement due to a drugs or weapons violation or expedited proceeding because of dangerous situation.

For purposes of this section of the policy, rules and procedures, "student" refers to a student with a disability, unless otherwise noted.

When required by law and the terms of this policy, manifestation team determinations shall be conducted to review the relationship between the student's disability and the behavior subject to disciplinary action to determine if the behavior at issue is a manifestation of the disability. Manifestation determinations shall be conducted according Federal and State laws and regulations. Where it is determined that the behavior is a manifestation of the disability, a disciplinary change in placement shall not be imposed, unless there is an appropriate placement in an interim alternative educational setting.

Suspension or Removal for 5 Days or Less, Students with Disabilities

Authority to Suspend or Remove. Each building principal has the authority to order a student to be placed into an appropriate interim alternative educational setting or another setting or to be suspended for a period not to exceed 5 consecutive school days.

Procedures for Suspensions (5 days or less). Where a principal has imposed a suspension, the student's parents shall have the opportunity for an informal conference with the principal. At such conference, the parents may ask questions of complaining witnesses, and the principal will follow the Board's policy and procedures for suspending non-disabled students for 5 days or less.

Procedures for Removals. A student may be removed for 5 days or less and such removal shall be conducted in accordance with the due process procedures applicable to such removals of non-disabled students.

Suspensions or Removals for More than 5 Days, Students with Disabilities

Authority to Impose Suspension or Removal (more than 5 days). A superintendent of schools, either directly or upon the recommendation of a hearing officer designated to conduct a §3214 hearing, may order the placement of a student with a disability into an interim alternative educational setting, another setting, or suspension for up to 10 consecutive school days without a manifestation determination conducted by the CSE. Any suspension for more than 5 consecutive school days will not be imposed unless a §3214 hearing has been conducted.

Additional Suspensions or Removals. The superintendent may order additional suspensions or removals of not more than 10 consecutive school days in the same school year for separate incidents of misconduct, so long as a disciplinary change in placement does not result.

Procedures for §3214 Hearings (suspensions of more than 5 days). For suspensions of more than 5 consecutive school days, a §3214 hearing will be conducted. Similar to §3214 hearings for non-disabled students, this hearing shall be bifurcated and conducted by the superintendent or a designated hearing officer, and the same notification procedures for parents shall apply.

In addition, the following procedures will be followed:

- As soon as notice is given to the student's parents, the CSE will be requested to compose the manifestation team which will make a manifestation determination. This request will be withdrawn if the student is found to be not guilty or if a suspension of more than 10 days is not considered.
- If the student is found guilty, the superintendent/hearing officer will determine if a suspension or removal in excess of 10 consecutive school days (i.e., a disciplinary change in placement) should be considered.
 - a. If the superintendent/hearing officer determines that a suspension or removal in excess of 10 days should be considered, the §3214 hearing will be adjourned until the manifestation determination is completed by the manifestation team.
 - i. If the CSE determines that the student's behavior was not a manifestation of his or her disability, such student may be disciplined in the same manner as a non-disabled student.
 - ii. If the CSE determines that the student's behavior was a manifestation of his or her disability, the superintendent/hearing officer shall dismiss the §3214 hearing (except where the superintendent/hearing officer determines that the student should be placed in an interim alternative educational setting).
 - b. If it is determined that a suspension or removal in excess of 10 days should not be considered, the hearing shall proceed to the penalty phase, and referral to the CSE for a manifestation determination will be withdrawn.
- The penalty phase of the hearing will follow the procedures for §3214 hearings for non-disabled students, including the admission of anecdotal evidence of past instances of misconduct.

Placement of Students with Disabilities in Interim Alternative Education Setting for Not More Than 45 School Days.

Weapons or Illegal Drugs/Controlled Substances. A superintendent may order the change in placement of a student with a disability to an appropriate interim alternative educational setting for up to 45 days, but not to exceed the period of suspension ordered pursuant to a §3214 hearing, where the student (1) has inflicted serious bodily injury, as defined in section 201.2(m) of this Part, upon another person while at school, on school premises or at a school function under the jurisdiction of TVHS, (2) carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of the TVHS; or (3) knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school, on school premises or at a school function under the jurisdiction of TVHS.

Upon a determination that a student is guilty of the alleged misconduct at the §3214 hearing, the superintendent or hearing officer may order a change in placement to an interim alternative educational setting for up to 45 school days. Such placement must be determined by the CSE and cannot exceed the length of time that a non-disabled student would be suspended for the same misconduct under the school district's student discipline policy. The superintendent may order such change in placement, even where the CSE determines that the student's behavior is a manifestation of the student's disability.

Dangerous Conduct An impartial hearing officer in an expedited due process hearing may order a change in placement to an appropriate interim alternative educational setting for not more than 45 school days, if the hearing officer: (1) determines that TVHS has demonstrated by substantial evidence that the student's current placement is substantially likely to result in injury to the student or to others; (2) considers the appropriateness of the student's current placement; (3) considers whether TVHS has made reasonable efforts to minimize the risk of harm in the student's current placement, including the use of supplementary aids and services; and (4) determines that the proposed interim alternative educational setting meets requirements of 8 NYCRR 201.2(k). The impartial hearing officer may order such change in placement, even where the CSE determines that the student's behavior is a manifestation of the student's disability.

Expedited Due Process Hearings, Students with Disabilities

Expedited due process hearings shall be conducted by an impartial hearing officer under the following circumstances: (1) TVHS requests one in order to place the student in an interim alternative educational setting because TVHS feels that it is dangerous to keep the student in his or her current educational setting in general or during the pendency of a §3214 hearing; (2) the parent requests one to appeal a determination that the student's behavior was not a manifestation of his or her disability; or (3) the parent requests one due to any decision related to the student's placement.

Such expedited due process hearings shall follow the procedures required by law.

CSE Functional Behavioral Assessments and Behavioral Intervention Plans

No later than 10 business days after first suspending or removing a student with a disability for more than 10 school days in a school year or imposing a suspension or removal that constitutes

a disciplinary change in placement, including a change in placement to an interim alternative educational setting, the CSE shall meet to review, develop and/or implement a functional behavioral assessment and behavioral intervention plan in order to address the behavior that the student is being disciplined for.

Provision of Services during Suspensions, Students with Disabilities

Initial suspension or removal for up to 10 days: If a suspension or removal for up to 10 school days does not constitute a disciplinary change in placement, the following will occur:

- Students of compulsory attendance age will be provided with alternative instruction on the same basis as non-disabled students.
- Students not of compulsory attendance age will be entitled to receive alternative instruction during such suspension or removal only to the extent that alternative instruction is provided to non-disabled students of the same age who have been similarly suspended or removed.

Subsequent suspensions or removals for up to 10 days: If subsequent suspensions or removals for periods of 10 consecutive school days or less, which in aggregate total more than 10 school days in a school year (but do not constitute a disciplinary change in placement), the following will occur:

- Students will be provided with alternative instruction and special education services necessary to enable the student to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the student's IEP; and
- The building principal or superintendent shall determine, in consultation with the student's special education teacher, the extent to which services are necessary to enable the student to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the student's IEP.

Disciplinary Change in Placement: During any period of suspension for more than 10 consecutive school days, and/or during any other disciplinary change in placement, the following will occur:

- The student will be provided with alternative instruction and special education services necessary to enable the student to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the student's IEP; and
- The CSE shall determine the extent to which services are necessary to enable the student to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the student's IEP.

Placement in interim alternative educational setting: If the student has been placed in an interim alternative educational setting for up to 45 school days because he or she has engaged in

conduct that involves a weapon or illegal drugs/controlled substances, the CSE will determine the services to be provided.

If the student has been placed in an interim alternative educational setting for up to 45 school days because an impartial hearing officer has determined in an expedited due process hearing that the student presents a threat of dangerous conduct, the impartial hearing officer will determine the services to be provided after reviewing a proposed setting determined by school personnel and the student's special education teacher. Such setting will:

- Enable the student to continue to progress in the general curriculum, although in another setting, and to continue to receive those modifications, including those described in the student's current IEP, that will enable the child to meet the goals set out in that IEP; and
- Include services and modifications to address the behavior that is subject to disciplinary action, which are designed to prevent the behavior from recurring.

CODE OF CONDUCT FOR PERSONS ON TVHS PROPERTY

The primary purpose of TVHS is to provide an optimal environment for learning and education. Integral to that purpose is the maintenance of an environment that establishes a model of civility and respect in the interactions of individuals and serves as a constructive model for our students. Any action by an individual or group that is inconsistent with this purpose or is aimed at disrupting, interfering with, or delaying the educational process, or any action having such effect, is hereby declared to be in violation of Board policy.

Additionally, the Board also has a responsibility to protect school property. TVHS shall take any and all legal action to prevent the damage or destruction of TVHS property. In addition, TVHS will also seek restitution from, and prosecution of, any person or persons who willfully damage school property.

It is not the intent of this policy to limit or inhibit freedom of speech or freedom to assemble peaceably. Free inquiry and free expression are indispensable to the objectives of a school district, and is a fundamental feature of our national life. The sole purpose of this policy, and of such rules and regulations as may be required to implement it, is to prevent abuse or inhibition of the rights of others and to maintain the educational enterprise and public order on school premises and property.

These rules govern the conduct of students, faculty and other staff, licensees, invitees, and all other persons upon property of TVHS, and any other premises or property under the control of TVHS and used in its teaching programs and activities, and in its administrative, cultural, recreational, athletic, and other programs and activities.
